

Physical Education Update, 2017/18.

Total Fund allocated £12,930

How have we spent our sports premium allocation?

Here at the Evelina Hospital School we encourage and enable all children to participate in and enjoy a wide range of physical activities. We are committed to helping every child develop an active lifestyle within their individual situations and provide them with a broad exposure to a range of inclusive sports and the opportunities to participate in competitive games and activities. Our aim is to enable all pupils to overcome barriers and enjoy the benefits of PE and sport.

The PE and Sports Grant

Since 2013 the government has provided £150 million of funding for primary schools across the country to spend on PE and Sport. This is known as the Sports Premium, and it has been extended into the school year 2017/18. The purpose of the funding is to support schools to develop and improve the sport being offered across the curriculum and to help all pupils develop healthy lifestyles. The Sports Premium is separate from the Pupil Premium, which aims to address disadvantage. This report concerns the Sports Premium only.

Capital Kids Cricket: £4860 on regular weekly morning sessions throughout the school year.

Our highly experienced coaches work on key skills in a range of sports including co-ordination, control, throwing, catching and jumping, both in the Atrium and on the wards. These sessions are highly enjoyable for the pupils and give them an opportunity to experience competitive sport in a fun and exciting way. An additional morning is provided each week by the charity.

Capoeira Workshops: £2160

Capoeira is a Brazilian martial art, which relies on moving in response to a partner to avoid contact. It was devised by Brazilian slaves, who disguised it through dance and song so they could practice. This makes it very flexible, as pupils can focus on rhythm, movement or song, according to their ability. Now working with us for a second year, Goia finely tunes his sessions to the needs of pupils on the wards and runs group sessions in the Atrium.

Shooting Stars Circus Skills Workshops: £3840

Building on a successful trial last year, our Circus Skills workshops have continued, alternating half terms with Capoeira. Again, sessions take place in the Atrium and on the wards, and our tutor, Nick, is skilled at modifying activity to suit the pupils and the situation.

Staff training (external): £1098

As with other subject areas at Evelina, we have an in-house team led by a teacher who focuses on delivery of the subject. This year, all four members of the team went on training to learn about different aspects of PE teaching and brought their learning back to impact on the school.

Resources: £1182.11

Imaginative spending on resources has supported our PE team in delivering their own PE workshops on Friday afternoons. We have pupils with a wide range of physical needs and everyone can participate in movement in some part. We also have certain restrictions in that we work on wards and in the Atrium outside school. To cater for this, particular resources such as low nets for target practice, have been bought, as well as puzzles requiring manual dexterity for those with restricted movement in large motor activities. This creative approach enables all pupils to be involved.

Creative week workshop: £225

Dance Days will be working with us on the morning of Thursday 19th July to provide a fun and active dance workshop based on the theme of Matilda by Roald Dahl.

Impact of the Grant

Therefore, total spending is £13,934.51, and overspend of £1004.51 which will be taken from our pupil premium budget.

- The profile of PE has been raised again this year and staff confidence continues to increase in teaching sports skills and PE, leading to higher quality teaching and learning.
- Frequent PE and dance sessions have taken place to enable children to have increased opportunities for regular participation in sport.
- Children and staff have worked with highly specialist physical education coaches and dance animateurs through participating in stimulating and enjoyable sessions.
- Competitive sports sessions have been delivered in an inclusive and appealing way, engaging and encouraging those who tend to be 'non-participants' to join in.
- PE and Sports provision and resources have been improved in a sustainable way.
- All our sports activities are well supported by parents who give wholeheartedly positive feedback on our provision.
- Pupil well-being is improved
- Pupils are involved in relating to other children, even on wards, helping them form relationships

Aims for 2017/18 We expect to receive funding in the region of £16 350 for 2017/2018.

- To support our school values through physical activity
- To continue with our aim to ensure a lasting legacy of good quality PE and sport throughout the school by employing highly specialist coaches and dancers from whom staff can learn
- To always identify and provide the right level of challenge for the individual learner, overcome barriers and keep engaging those reluctant participants
- To continue to provide opportunities to increase pupils' participation in sport
- To provide enjoyable and motivating physical skills workshops.
- To foster collaborative activities
- To have fun!
